displaying data types that are present in the plurality of fields in a second window, wherein at least one of the data types [may be] is selected to filter the episodes displayed in the first window and display those episodes having the selected data types.

A2
11. A method, as set forth in claim 1, wherein displaying data in the first window identifying the plurality of episodes recorded by the implantable device further comprises displaying data in the first window identifying at least one of a ventricular tachycardia, atrial and ventricular tachycardia, atrial fibrillation, atrial flutter[]), atrial tachycardia, and premature atrial contraction episodes recorded by the implantable device.

12. A graphical user interface for controllably displaying information retrieved from an implantable device, comprising:

A3 a second window adapted to display data types that [may be] are present in the plurality of fields, wherein at least one of the data types [may be] is selected to filter the episodes displayed in the first window and display those episodes having the selected data types.

A4 22. A [method] graphical user interface, as set forth in claim 1, wherein displaying data in the first window identifying the plurality of episodes recorded by the implantable device further comprises displaying data in the first window identifying at least one of a ventricular tachycardia, atrial and ventricular tachycardia, atrial fibrillation, atrial flutter[]), atrial tachycardia, and premature atrial contraction episodes recorded by the implantable device.

23. A computer programmed to perform a method for controllably displaying information retrieved from an implantable device, the programmed method comprising:

displaying data in a first window identifying a plurality of episodes recorded by the implantable device, wherein the data is comprised of a plurality of fields; and

Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.
